DELIVERY REQUIREMENTS

To ensure a smooth and efficient delivery process, the following conditions must be met at the delivery location:

- Deliveries cannot be made on dirt roads
- A forklift, dock, or skid steer must be available on-site
- Drivers are not responsible for down-stacking pallets
- A representative must be present to unload pallets and sign the Bill of Lading (BOL)
- Unloading must be completed within 20 minutes

IMPORTANT NOTICE

By placing an order, customers acknowledge and agree to meet all delivery requirements listed above. Failure to meet these conditions may result in delivery delays, additional fees, or rescheduled shipments.
